

**EGYPTIAN ELECTRICITY HOLDING COMPANY (EEHC)
EAST DELTA ELECTRICITY PRODUCTION COMPANY (EDEPC)**

**NUWAIBA POWER STATION
750 MW COMBINED CYCLE PROJECT
COMBUSTION TURBINE GENERATORS PACKAGE**

Procurement Notice (18)

The Egyptian Electricity Holding Company (EEHC) has applied for a loan from the European Investment Bank (hereinafter referred to as the EIB), the proceeds of which will be relented to East Delta Electricity Production Company (EDEPC), to finance the Combustion Turbine Generators and other packages for Nuwaiba Power Station, which will consist of two 250 MW Combustion Turbine Generators, two Heat Recovery Steam Generators, and one 250 MW Steam Turbine Generator and Condenser.

East Delta Electricity Production Company (EDEPC), a wholly owned subsidiary of the Egyptian Electricity Holding Company (EEHC), is inviting International Manufacturers to submit Bids for the Combustion Turbine Generators Package. The scope of work includes, but is not limited to, design, fabricate, deliver, transport to the Site, unload, store, erect, test, start-up, and commission 2 x 250 MW Combustion Turbine Generators, and auxiliaries including all related mechanical and electrical works necessary for placing a complete operational system for Nuwaiba Power Station.

Responsive Tenderers will be selected on the basis of: compliance with the schedule, terms and conditions as well as the technical specifications; acceptable past experience including past experience of subcontractors; financial capability; adequacy of proposed manpower and construction equipment; compliance with minimum power output stated in the Tender Document; safety and health history and overall maintenance cost for the equipment.

Owner is not obliged to award the contract to the Tenderer that gave the lowest price, but it will take into consideration as evaluation criteria during the comparison; the offered prices including pricing for spare parts, technical guarantees (power output, heat rate and exhaust energy), compliance with the schedule, terms and conditions as well as the technical specifications, and any other factors that may affect the final cost of the project subject of this call for Tenders.

The Combustion Turbine Generators Reliability Run Test for Nuwaiba Power Station shall be completed by July and August 2011 for the first and the second Unit respectively.

The Tender Document for the above Package will be available at EDEPC's offices on February 22, 2009. Tenderers may receive the Tender Document by submitting an application, in one original and two copies, accompanied by a payment receipt of US\$ 3,000 from National Bank of Egypt (Al-Ahly Bank), Ismailia Branch, Ismailia, Egypt (Account No. 11000441395) at the address shown below:

East Delta Electricity Production Company (EDEPC)

Shebeen El Kom St., Araishia Misr,

Ismailia, Egypt

Attention: Head of Procurement Sector

Tel No.: 20-64-337-1906

Fax No.: 20-64-337-1906

Tenderers may obtain additional information by contacting EDEPC's Authorized Representative at the address shown below:

Power Generation Engineering and Services Company (PGESCO)

41 Al Salam Avenue, Central District, New Cairo,

Cairo, Egypt

Attention: Project Procurement Manager

Tel. No. : 20-2-2617-6497 (Cairo)

Fax. No. : 20-2-2617-6519 (Cairo)

The Tender must be submitted on May 3, 2009 in two Envelopes. Envelop A must contain all the required information, except the schedules of Quantities and Prices, and must be accompanied by a Tender Security in an acceptable form equal to 3.0 Million US\$. Envelop B must include the schedules of Quantities and Prices.

Only Envelopes A of Tenders will be opened on the same day at 12:00 hours (Egypt local time), in the presence of Tenderers' representatives who choose to attend, at the Headquarters of EDEPC at the address shown above. Tenderers whose Tenders have been determined to be substantially responsive shall be informed of the opening date for Envelopes B.
